

Life EMS

Brief:

W.L. Perry Associates designed the original Life EMS facility in 1988. Growth necessitated an expansion of the existing building.

Strategy:

Using a combination of pre-engineered metal building and conventional construction, the facility has been enlarged to be able to house the following: a drive through garage with 16 parking spaces, and maintenance bay with a hoist, general office area, Kent County's 911 dispatch center, driver lounge, locker area, and an education center.

Project Information:

Building Size:	Existing - 11,230SF Addition - 14,500SF
Site Size:	N/A
Completion Date:	Existing - 1989; Addition - Summer of 2000
Project Cost:	N/A
