

Towne Air Freight

Brief:

A regional trucking company based in Indiana had out-grown its Grand Rapids area facility. The new facility would need to have an expandable loading dock area for future growth, house local offices and have a regional training facility.

Strategy:

The office and training facility faces the street screening the loading docks and separating car and truck traffic. Private offices and the training area take advantage of the continuous band of glass.

Project Information:

Building Size:	Phase I, 19,246/Phase II, 12,480/31,726
Site Size:	6 AC
Completion Date:	Phase I, Sept. 1992
Addition:	Phase II, Aug. 1995
Project Cost:	N/A
Reference:	Doug Nagel, Building Owner
